Ref : CTUIL/ROP-SIKKIM/2021

Dt.: 12.10.2021

PCE cum Secretary,
Energy & Power Dept., Govt. of Sikkim,
Kaji Road, Gangtok-737101, Sikkim.

Dear Sir,

Sub: “Notice for Regulation of Power Supply” for default of Energy & Power Department, Sikkim in making payment of outstanding dues towards Tr. charges.

1. Energy & Power Department, Sikkim is a Designated Inter-State Transmission System Customer (DIC) which is availing Inter-state Transmission System (ISTS) network for transfer of power from various power plants located in different parts of the country to Sikkim and is under obligations to make timely payment of transmission tariff and to open requisite Letter of Credit towards Payment Security Mechanism in line with the Electricity Act 2003 read with the relevant contractual provisions and CERC Regulations.
2. It is a matter of serious concern that Sikkim is consistently failing to make payment against the monthly bills raised on it towards transmission tariff despite regular follow-up by CTU. As a consequence, total dues of Sikkim have grown to an amount of **Rs. 19.92 Cr** as on date, out of which an amount of Rs. 13.68 Crs is outstanding for >45 days (an amount of Rs. 11.12 Crs has even crossed >90 days) based on the bills already raised by CTU. The outstanding dues will further grow to Rs. 16.30 Crs on 16.10.2021.
3. CTU has been mandated with the responsibility of Billing, Collection and Disbursement of transmission charges towards ISTS licensees from all the DICs. Such huge outstanding dues as brought out above is quite alarming and is causing impact to fulfil our obligation towards all the ISTS Licensees.
4. Further, the LC has also to be enhanced by Sikkim for an amount of Rs. 2.92 Crs that is long overdue, despite repeated reminders and follow-up
5. Regulation 4 of CERC (Regulation of Power Supply), 2010 & amendment thereof reads as under:-
“In case of outstanding dues or in case the letter of credit or any other agreed Payment Security Mechanism is not maintained as per the Agreement or applicable Regulations, the generating Company or the transmission licensee, as the case may be, may serve a notice for regulation of power supply, on the Defaulting Entity, for reducing the drawl schedule in the case of the generating company or withdrawal of open access / access to Inter-State Transmission System in the case of the transmission licensee.”
6. In this regard, attention is invited to the correspondence issued by the CTU, which demonstrates the default of Sikkim in payment of legitimate dues. As per the provisions of **Regulation 4 of CERC (Regulation of Power Supply) Regulation 2010 and amendment thereof, provisions of BCD procedure** and terms of TSA, the CTU is constrained to issue this “Notice for Regulation of Power Supply”.

::2::

7. Accordingly, in case of failure of Sikkim to clear the total outstanding dues >45 days latest by **21.10.2021**, the regulation of power supply of Sikkim through their Long Term Access shall be effected as follows:-

• Quantum of power to be regulated	:	35 MW of power drawl of Sikkim from ISTS network
• Commencement of Regulation of Power supply	:	From 00.00 Hrs of 27.10.2021.
• Period of Regulation of Power supply	:	Initially for one month or till clearing of the entire dues outstanding for >45 days
• Source of regulation of Power Supply	:	To be regulated from various Power plants of NHPC & NTPC from which Sikkim has allocation of power under Long Term Access, the quantum shall be in proportion of the allocation from NHPC & NTPC may be decided by ERLDC based on merit order of despatch.
• The regulation of power shall be carried out through Eastern Region Trans. corridor.		
• All other liabilities of Sikkim shall be as per provisions of CERC Regulations.		

8. Further, CERC vide Order dtd 02.09.2015 under Pet. no. 142/MP/2012 at Para 59 (c) mentioned on curtailment of Short Term Open Access (STOA) during the regulation of power supply. The relevant portion of the said CERC Order dtd 02.09.2015 is reproduced below:-

"During the period of regulation of power supply, for defaults in payment of transmission charges, STOA to the regulated entity shall be denied by NLDC/RLDCs under Regulation 25A of Open Access Regulations from the date of commencement of regulation of power supply."

9. Through a copy of this Notice, ERLDC is being requested to prepare implementation plan for Regulation of Power Supply of Sikkim & implement the same **w.e.f. 00:00 Hrs. of 27.10.2021** upon confirmation by us on 22.10.2021.
10. In view of above, it is requested to clear all the outstanding dues >45 days and enhance the LC as indicated in Para (4) by 21.10.2021 failing which regulation of power supply shall be enforced as stipulated above.

Thanking You,

Yours faithfully,

(J. Mazumder)

(Chief General Manager)

For and on behalf of

Central Transmission Utility of India
